E Split Corp. is a corporation investing in common shares of Enbridge Inc., a leading North American oil and gas pipeline, gas processing and natural gas distribution company.

Formed in 1979, Middlefield creates and manages specialized investment products for individual and institutional investors and has assets under management of approximately \$4 billion. Investment products include exchange-traded funds, mutual funds, closed-end funds, private and public resource funds, real estate funds and a venture capital fund.

You will usually pay brokerage fees to your dealer if you purchase or sell shares of investment funds on the Toronto Stock Exchange or other alternative Canadian trading system (an “Exchange”). If the shares are purchased or sold on an Exchange, investors may pay more than the current net asset value when buying and may receive less than the current net asset value when selling them. There are ongoing fees and expenses associated with owning shares of an investment fund. An investment fund must prepare disclosure documents that contain key information about the fund. You can find more detailed information about the fund in these documents. Investment funds are not guaranteed, their values change frequently and past performance may not be repeated.
