

## NEW MIDDLEFIELD MUTUAL FUNDS

Middlefield is pleased to announce that it has added three new funds to its family of mutual funds: Middlefield Global Dividend Growers Class, Middlefield US Dividend Growth Class, and Middlefield Resource Class, which are available in both Series A and F. The Global Dividend Growers Class has a substantially similar strategy to Middlefield's successful Global Dividend Growers Income Fund, a closed-end fund listed on the TSX under the symbol *GDG.UN* that has generated a total return of 23.9% from inception on March 22, 2013 to March 31, 2014. The US Dividend Growth Class will follow a similar strategy to the Global Dividend Growers Class, but will emphasize issuers based in the US, while the Resource Class will focus on the resource sector, investing primarily in mining and energy-related companies.

The new funds are available for sale using FundServ or non-wire instructions.
