

REAL ESTATE SPLIT CORP.
ANNOUNCES SUCCESSFUL OVERNIGHT OFFERING

Middlefield Group, on behalf of Real Estate Split Corp. (TSX: RS and RS.PR.A) (the "Company"), is pleased to announce a successful overnight treasury offering of class A and preferred shares (the "Class A Shares" and "Preferred Shares", respectively). Gross proceeds of the offering are expected to be approximately \$15 million.

The offering is expected to close on or about Tuesday, November 15, 2022 and is subject to certain closing conditions including approval by the Toronto Stock Exchange.

The Class A Shares were offered at a price of \$13.90 per Class A Share to yield 11.2% and the Preferred Shares were offered at a price of \$9.45 per Preferred Share to yield 5.6%. The Class A Share and Preferred Share offering prices were determined so as to be non-dilutive to the most recently calculated net asset value per unit of the Company (calculated as at November 4, 2022), as adjusted for dividends and certain expenses to be accrued prior to or upon settlement of the offering.

The Company has been designed to provide investors with a diversified, actively managed, high conviction portfolio comprised of securities of leading North American real estate companies. Dean Orrico, President of Middlefield Capital Corporation and lead portfolio manager of the Company, commented "we are generally constructive on the publicly listed real estate sector as the fundamentals remain solid, supporting stable and tax efficient distributions to investors. In addition, the recently announced acquisition of Summit Industrial Income REIT at a 31% premium to Summit's closing price on November 4, 2022, by a joint venture comprising GIC of Singapore and Dream Industrial REIT, is further testament to the underlying value of select Canadian real estate companies. As at November 4, 2022, Summit represented approximately 7.4% of the Company's portfolio."

The Company's investment objectives for the:

Class A Shares are to provide holders with:

- (i) non-cumulative monthly cash distributions; and
- (ii) the opportunity for capital appreciation through exposure to the portfolio

Preferred Shares are to:

- (i) provide holders with fixed cumulative preferential quarterly cash distributions; and
- (ii) return the original issue price of \$10.00 to holders upon maturity.
